# Think-fulness Leads to Thankfulness

Did you know that our English words "think" and "thank" come from the same root? I believe that brings forth an important concept. Our thankfulness is based upon our "think"fulness. In other words, we can always give thanks if we just give it some thought.

That's what David seems to be doing in the 103rd Psalm. He begins by saying "Bless the LORD" (v.1). That phrase in the Hebrew means to express gratitude. He then states, "And forget not all His benefits" (v.2). David then goes on to list a few "benefits" of knowing the Lord, like forgiveness and healing (v.3), protection and blessings in life (v.4), food and revival of spirit (v.5) – on and on he goes.

As David thought upon the benefits that God gives, his response was to thank Him. We should be no different. No matter what circumstances the world puts in our life, we can always thank God – if we'll just take some time to think on Him! Think on what He has done and has promised to do.

So give it a try – think and you will thank!
